

PERSONAL PROFILE

A passionate and driven Computer System Technology graduate looking a career in web development. Focused on designing and developing the layout and visual appearance and usability of a website, but not shying away from the backend side (familiar with LAMP stack).

Eager to learn, hardworking, easy going by nature and able to get along well with everybody. Currently looking for a suitable web developer position.

EDUCATION

2015 - 2018 | **Front End Development Certificate** | **freeCodeCamp.org**

- Free Code Camp's Front-End Development program covers an estimated 500 hours of course work that includes HTML5, CSS, JavaScript and Bootstrap, jQuery frameworks. This is broken up with 10 basic, intermediate, and advanced projects, as well as 16 basic algorithms, 21 intermediate algorithms, and 5 advanced algorithms.

2017 | **Cert IV in Computer System Technology** | **Charles Darwin University**

- Received an Outstanding Award for a student in Certificate IV in Information Technology
- Developed an app for the CDU Code Fair that helped me win the Best Novice Coder category. The app is a booking system that enables access for participants to group fitness classes using a QR code
- Achieved an overall a score of 95.42% in CCNA2: Routing and Switching Essentials
- Achieved an overall a score of 91.26% in CCNA1: Introduction to Networks

2016 | **Cert IV in Fitness** | **Australian Fitness Academy**

I received Premier PT Certification for demonstrating a standard of excellence throughout qualification

1995 – 2000 | **Bachelor of Philology & Public Relations** | **“Babes-Bolyai” University of Cluj Napoca**

EXPERIENCE

2015 – PRESENT | **Hobbyist Web Developer**

- Developed a Content Management System as part of Cert IV assessment
- Built a website for a yoga studio
- Using Mobile First Design approach I have ported an unresponsive WordPress site to a fully responsive theme
- Built web apps using various APIs (Twitch API, Wikipedia API)

2016 – PRESENT | **Senior PT & Group Fitness Instructor** | **The Gym@CDU**

- Designing and monitor effective individualized programs and instruct members through their personal program
- Conducting group fitness classes

2011 – 2015 | **PT & Group Fitness Instructor** | **World Class Romania**

- Designing and monitor effective individualized programs and instruct members through their personal program
- Conducting group fitness classes

2001 – 2009 | **Internet Café administrator and attendant** | **Owner**

- Installing software and maintaining computers.
- Troubleshooting different kinds of hardware, software and networking issues.
- Provide excellent customer care.

SKILLS

- Ambitious, tenacious and loyal
- Dedicated, motivated and always on task
- Good communication and presentation skills
- Sound knowledge of HTML, CSS and JavaScript
- Proficient in Python, PHP and SQL
- Knowledge of Windows, Linux and macOS

ACTIVITIES

Besides IT I am in love with physical activity and anytime I have a chance to help or inspire someone to start some form of physical activity I will do it without hesitation. I am also a bookworm. I am a native Romanian speaker. My Spanish is rusty, but I am fluent in Ukrainian. Regular attendee of web developer meetups (Darwin Web Standards).
